Profile

Aspiring Data Scientist and Cybersecurity professional with a strong foundation in data analysis, machine learning, and information security principles. Currently pursuing a degree in Data Science with a focus on cybersecurity, I have hands-on experience in statistical modeling, data visualization, and threat analysis. Adept at leveraging cutting-edge tools such as Python, R, and SQL for data manipulation and network defense strategies.

WORKSHOPS

DATA TABLEAU

- Utilized data visualization tools to create interactive graphical representations of financial data

GOOGLE CLOUD

- Developed a hybrid cloud infrastructure that allowed for secure data transfer between on-premise and cloud-based systems

Education

Bachelor's in Data science and cyber security from Garden City University, Bengaluru

Internships

Currently an Intern in NerdsnGeeks company

Courses

Big data Cloud, google

Operating system, Google

Data Analysis, Google

Cybersecurity Essentials, IBM
